

Our diagnosis does not define us. Our mental health challenge is just one aspect of who we are.

In this worksheet, you will have a chance to explore YOU before, and after, being diagnosed with a mental health challenge. Let the flower be a symbol of you.

Step 1: Put your name in the center of each flower.

Step 2: Fill in the important things about who you were as a person BEFORE diagnosis. You might include examples of your talents, interests, spirituality, family, culture, your hopes and dreams, etc.

Step 3: What, if anything, has changed about you since diagnosis? Are there new things you want to add to your petals? Are there petals that no longer belong after diagnosis?

Example: I used to think I was invincible and that only weak people had problems. Now I am more compassionate. I'm even thinking about getting a job helping other people who experience challenges like I do.
